

Introducing... Piano Blues Scales

S. J. Tyler

The ultimate guide to learning the blues scales for the piano. Each scale is clearly shown and explained in all keys, covering both the major and minor, along with fingering suggestions to help you along, but it doesn't stop there. Here we go further, and include ideas like the combined scales, and methods of how to practice them beyond the typical up and down manner. Here we look at them all in a more musical and practical fashion, that will actually benefit you and your playing in the real world.
